HM ELECTRICAL

COMPANY OVERVIEW / 2026

01 / Company introduction

Material supply. Skilled people. Project execution.

Who we are

HM ELECTRICAL is a proprietorship led by Mohammad Asif, operating from Khardi Road, Thane. We support enquiry-based material procurement and electrical, fire fighting, plumbing/PHE and HVAC work requirements in Mumbai, Mumbra and Thane.

Material supply

Electrical materials, wires and cables, switchgear, conduits and fittings, cable termination, lighting, plumbing, fire fighting materials, hardware, tools and site consumables.

Technicians and labour

Request electricians, plumbers, fire fitters, welders, helpers and supervisors. Tell us the trade, quantity, site location, duration and required date.

A simple way to work with us

Send your material list or work scope. We review the specification, availability and delivery requirement, then provide a quotation for your confirmation.

02 / Contact and next steps

Keep the introduction simple. Open the separate project and team sheets when you need more detail.

Step 1 - Share the requirement

Item name, size, preferred make, quantity, unit, site location and required date.

Step 2 - Review the quotation

Check the quoted specification, rates, taxes, delivery, payment terms and validity before confirming.

Step 3 - Confirm the order or work scope

Enquiry acknowledgement is not order acceptance. Final supply and project commitments are agreed in writing.

Office contact
